**No. 06SE002 - Exception to the Street Design Criteria Manual to allow access from the higher order street, to allow two access points in lieu of one and to reduce the access restriction on Padre Drive to 50 feet from the intersection of Jolly Lane** **ITEM 9**

---

**(Update: June 1, 2006. All revised and/or added text is shown in bold print.) The consulting engineer has requested that the item be continued to the July 6, 2006 Planning Commission meeting to allow them to submit additional information.)**

(Update: May 18, 2006. All revised and/or added text is shown in bold print.) Staff contacted the consulting engineer representing the applicant and confirmed that the site plan identifying the location of the building and driveway has not been submitted as of this date. For this reason, staff is recommending that this request be continued to the June 8, 2006 Planning Commission meeting.

(Update, April 26, 2006. All revised and/or added text is shown in bold print.) At the April 20, 2006 Planning Commission, the application for the Planned Residential Development was continued to the May 4, 2006 meeting to allow the applicant time to provide the additional information. As of this date the applicant has not submitted a revised site plan.

GENERAL COMMENTS: The applicant submitted an application for an Exception to the Street Design Criteria Manual, to allow access from a higher order street, to allow two access points to a residential lot and to reduce the access restriction on Padre Drive from 75 feet to 50 feet from the intersection of Jolly Lane. The properties are located at the corner of Padre Drive and Jolly Lane.

STAFF REVIEW: Staff has reviewed the Exception application and has noted the following considerations:

Site Plan: Staff noted that the site plan submitted with the exception application did not show the building and driveway locations for each lot. As such, staff recommends that prior to Planning Commission approval a revised site plan showing the building and driveway location shall be submitted for review and approval.

Staff recommends that the Exception to the Street Design Criteria Manual be continued to the **July 6, 2006** Planning Commission meeting to allow the applicant time to submit additional information.
