East: General Commercial District
West: Medium Density Residential District

PUBLIC UTILITIES City sewer and water

DATE OF APPLICATION 8/25/2006

REVIEWED BY Vicki L. Fisher / Todd Peckosh

RECOMMENDATION:

Staff recommends that the Amendment to the Comprehensive Plan to amend the Major Street Plan to change an arterial street to a collector and eliminate a collector street be continued to the October 5, 2006 Planning Commission meeting to allow the applicant to submit an updated Traffic Impact Study.

GENERAL COMMENTS:

The applicant has submitted a Comprehensive Plan Amendment to amend the Major Street Plan to change an arterial street to a collector street and to eliminate a collector street. In addition, the applicant has submitted a Layout Plat to subdivide the subject property, a 117.29 acre parcel, into 15 commercial lots and two detention pond lots. (See companion item #06PL028.) The commercial development is to be known as "Rushmore Crossing".

On August 1, 2005, the City Council approved a Layout Plat to subdivide a 95.28 acre parcel into 17 commercial lots. The Layout Plat included the subject property. (See associated file #05PL085.)

On February 6, 2006, the City Council approved Tax Increment District #56 for the construction of streets, traffic signals, a regional drainage detention dam, high pressure water main and sanitary sewer main and the relocation of power lines associated with the proposed Rushmore Crossing project.

The property is located between LaCrosse Street and E. North Street on the south side of U.S. Highway I-90 and is currently void of any structural development.

Staff Review:

Staff has reviewed the Comprehensive Plan Amendment to the Major Street Plan and has noted the following considerations:

Traffic Impact Study: A Traffic Impact Study was submitted as a part of the previously approved Layout Plat. However, the Traffic Impact Study does not reflect the impact of

ITEM 16

eliminating one of the north-south collector streets as shown on the Major Street Plan or reclassifying the eastern portion of Eglin Street from a minor arterial street to a collector street as proposed. In addition, the Study does not reflect the total square footage of commercial lots currently proposed for the site. Without having the opportunity to review the updated Traffic Impact Study, staff can not make a recommendation on the proposed amendments to the Major Street Plan. As such, staff is recommending that the Comprehensive Plan Amendment to the Major Street Plan be continued to the October 5, 2006 Planning Commission meeting to allow the applicant to submit the updated Traffic Impact Study.

Notification Requirement: As of this writing, the sign has not been posted on the property nor have the certified mailings been returned. Staff will notify the Planning Commission at the September 21, 2006 Planning Commission meeting if these requirements have not been met.
