Commission approved a Conditional Use Permit (02UR007) for the subject property to allow a temporary structure in the Flood Hazard Zoning District for 15 event days per year. On February 9, 2006, the Planning Commission approved a Major Amendment to the Planned Commercial Development (05PD088) to allow utilizing a house and motel on the property for private catering functions and overnight accommodations, convert a storage area into a micro winery and remodel the garage of the house into a jacuzzi suite.

Chapter 17.50.27.G.9 of the Rapid City Municipal Code states that if the off-street parking area cannot be paved prior to the issuance of an occupancy permit, surety must be posted to secure the completion of paving through one paving season. The applicant is now requesting a time extension until June 15, 2007 to pave the street and parking lots on the subject property as required by the Major Amendment to the Planned Commercial Development (05PD088) approved on February 9, 2006.

STAFF REVIEW: The Major Amendment to a Planned Commercial Development that was approved on February 9, 2006 included ten stipulations:

1. Prior to initiation of construction, a building permit shall be obtained and a Certificate of Occupancy shall be obtained prior to occupancy of the structures;
2. The uses allowed within the Planned Commercial Development shall be limited to the private reception area and micro-winery area, as per the site plan submitted, in addition to the current uses allowed for a motel, laundromat, storage, and restaurant with on-sale liquor to include outdoor seating;
3. Any additional signage on the property will require a Major Amendment to the Planned Commercial Development;
4. All provisions of Section 17.50.300, the Landscaping Regulations of the Rapid City Municipal Code shall be continually met and all required landscaping shall be maintained in a live vegetative state;
5. All provisions of Section 17.50.270, the minimum Off-Street Parking Requirements of the Rapid City Municipal Code shall be continually met. The parking lots shall be paved, striped and wheel guards placed in areas that abut a public or private sidewalk, public right-of-way, building entrance or exit or plant material located within a parking lot. All access to parking lots shall be paved;
6. All requirements of the 2003 International Fire Code must be continually met and the structures intended for alcohol use shall be sprinklered;
7. Prior to obtaining a building permit, grading and drainage plans, and a water system analysis to verify source and water quantity for domestic and fire flows, shall be submitted for review and approval;
8. Prior to obtaining a building permit for the micro-winery or the private reception area, a complete set of building plans shall be submitted for any change in use to show compliance with the International Building Codes and related codes;

3. Any future development modification to the restaurant or motel complex would require a Major Amendment of the Planned Commercial Development;
 4. All development on the site shall be done in compliance with the Rapid City Floodplain Ordinance requirements; and,
 5. That the use of the property continues as shown on the approved site plan or a Major Amendment to the Planned Commercial Development shall be obtained; and,
10. The Major Amendment to a Planned Commercial Development shall expire if the use is not undertaken and completed within two years of the date of approval by the Planning Commission, or if the use as approved has ceased for a period of two years.

Staff has reviewed the Major Amendment to a Planned Commercial Development and has noted the following considerations:

Building Permit: Staff noted that a Certificate of Occupancy must be obtained prior to occupying the building. All International Building Codes and related codes shall continually be in compliance.

Parking Plan: The Rapid City Municipal Code requires off-street parking stalls be provided for the proposed development and the applicant's site plan indicates compliance with the parking requirements. The applicant's site plan indicates 46 off-street parking stalls will be provided for the motel, private reception area, winery, laundromat, and storage areas and 106 off-street parking spaces for the restaurant uses. All off-street parking spaces must be paved and marked with striping paint. Wheel guards or curbs shall be provided for every parking area that abuts a public or private sidewalk, public right-of-way, building entrance or exit or plant material located within a parking lot. Access to all parking facilities shall be paved. A letter of credit has been submitted for the paving and striping with a completion date of October 15, 2006 as required by the Rapid City Municipal Code. The property owners have identified that the paving will not be completed by this time. Asphalt will not be available during the winter months. As such, the applicant has asked that the completion date for the paving and striping be continued to June 15, 2007. A revised letter of credit shall be submitted indicating the time extension prior to the Planning Commission meeting.

Notification: As of this writing the required sign has not been posted on the property and the receipts from the required notification of surrounding property owners have not been returned. Staff will notify the Planning Commission at the October 5, 2006 Planning Commission meeting if these requirements have not been met.

Staff recommends that the Major Amendment to a Planned Commercial Development be approved with the above identified stipulations.
