18-3/8 Spanish

A larger version of an industry classic, 18-3/8" Spanish Tile can help reduce material and installation costs significantly without compromising aesthetics or performance. 18-3/8" Spanish Tile features a simple one-piece barrel design which results in a series of waves flowing across the roof. Its clean lines and traditional appearance make it suitable for multicolor blending and patterning. Stocked in Clay Red and the Impressionist Series colors for best economy, you can also select from Ludowici's rainbow of standard colors or a custom hue perfect for your application.

Width: 9³/₄"
