520 7th St.
Rapid City, SD 57701

Dear Sir or Ma'am:

Application for conditional use permit (revised) for 520 7th St. details follow:

Application to allow on sale retail of malt beverages at said address. The purpose of this is to allow a small amount sales to occur on the premises of the existing business in order to assist in developing a downtown business that holds franchise agreements with two nationally known franchises. The purpose of this is not to add another "seedy" establishment to downtown, but to better develop its culture and available venues for Ladies and Gentlemen of the city as well as tourists, to relax and enjoy the downtown district. As you can see by the pictures, everything is done first class, and will have a nice atmosphere. It is the hope of the officers of this company and its stockholders that this will both increase their stability and profits at this storefront, and also help to benefit the Historical Downtown District.

While the company is still interested in wine sales on premise, we will lobby to the state for law changes and return before the board when applicable.

The proposed hours of operation are to follow those same basic hours of current operation, or said directly:

M-Th 10am-9pm

F-Sat 10am-10pm

Sunday of course the existing business may be open, but due to the liquor codes of South Dakota, no on-sale business will be conducted.

There will be very little development to the premises, rather the addition of a few tables and chairs, and a simple menu of beers and non-alcoholic drinks. Three-well sinks are already in use to maintain a safe health environment for customers.
