STAFF REPORT
August 9, 2007

No. 07SV039 - Variance to the Subdivision Regulations to waive the requirement to dedicate a planting screen easement and to waive the requirement to install curb, gutter, sidewalk, street light conduit, water, sewer and pavement along Reservoir Road as per Chapter 16.16 of the Rapid City Municipal Code

ITEM 32

DATE OF APPLICATION 7/13/2007

REVIEWED BY Vicki L. Fisher / Mary Bosworth

RECOMMENDATION:

Staff recommends that the Variance to the Subdivision Regulations to waive the requirement to dedicate a planting screen easement, to allow platting half a right-of-way and to waive the requirement to install curb, gutter, sidewalk, street light conduit, water, sewer and pavement along Reservoir Road as per Chapter 16.16 of the Rapid City Municipal Code be continued to the August 23, 2007 Planning Commission meeting to allow the applicant to submit a Master Utility Plan.

GENERAL COMMENTS:

The applicant has submitted a Variance to the Subdivision Regulations to waive the requirement to install curb, gutter, street light conduit, water, sewer and pavement along Reservoir Road, to allow platting half a right-of-way and to waive the requirement to provide a planting screen easement along Reservoir Road. In addition, the applicant has submitted a Layout Plat (#07PL096) to subdivide 40 acres into 132 residential lots and two drainage lots. The applicant has also submitted an Annexation Petition request (#07AN003) to annex the property into the City limits of Rapid City.

On September 17, 2001, the City Council approved a Layout Plat (#01PL078) to subdivide the property into 120 residential lots. However, since the Layout Plat was approved more than two years ago, the approval of the Layout Plat has expired. The applicant has subsequently revised the proposed design of the subdivision and submitted this revised Layout Plat application for review and approval.

The property is located at the eastern terminus of Homestead Street and west of Reservoir Road. Currently, the property is void of any structural development.

STAFF REVIEW:

On July 30, 2007, staff met with the applicant and a representative from Rapid Valley Sanitary District to discuss water and sewer service for the development. However, to date a Master Utility Plan has not been submitted for review and approval to determine if water and sewer improvements may be needed along Reservoir Road. As such, staff is recommending that the Variance to the Subdivision Regulations be continued to allow the applicant to submit a Master Utility Plan.

Notification Requirement: As of this writing, the receipts from the certified mailings have not been returned. Staff will notify the Planning Commission at the August 9, 2007 Planning Commission meeting if this requirement has not been met.
