

Elite Series Dog Kennel

There is no other kennel that comes close to the quality, durability, and outstanding good looks of the Elite Kennel™ from American Farmland. Our finest kennel, this unit is designed for rugged outdoor use in difficult environments. Each panel is heavy-duty 1-3/4" tubing and filled with sturdy 6 gauge 2" x 4" wire. The front panel features a durable door that creates a 2-1/2' x 5' 8" opening, complete with slam latch. Whether for your favorite hunting dogs year round or as a secure outdoor get-away for everyday household pets, there's no kennel that matches the Elite Kennel for style and durability. The complete kennel measures 6' tall by 10' wide by 10' long and weighs 326 pounds. While other products are painted, the Elite Kennel from American Farmland is powder coated to provide a long life in the harsh elements outdoors. Available in powder coat gray only.
