intersection of Creek Drive and Marlin Drive. In addition, the applicant has submitted a Rezoning request (#07RZ072) to change the zoning designation of the property from General Agricultural District to Light Industrial District. Land located south, east, and west of the property is zoned General Agricultural District. Land located north of the subject property is zoned General Agricultural District and General Commercial District with a Planned Development Designation. The adopted Long Range Comprehensive Plan indicates that this property is appropriate for General Agricultural land uses. The Draft Future Land Use Plan for the Southeast Connector Neighborhood indicates that this property is appropriate for Light Industrial land uses.

STAFF REVIEW: The adopted Comprehensive Plan is a framework within which development and rezoning proposals are measured and evaluated. The plan is intended to guide the orderly growth of the community. In order for the plans to remain viable and to keep pace with a changing market place, periodic adjustments to reflect changing conditions will be required.

The Future Land Use Committee is scheduled to consider this request on November 29, 2007. As such, staff recommends that the Amendment to the Adopted Comprehensive Plan to change the land use designation from General Agriculture to Light Industrial be continued to the January 10, 2008 Planning Commission Meeting to allow the Future Land Use Committee to meet on the requested Amendment.

Staff noted that the title should be an Amendment to the Adopted Comprehensive Plan to change the land use designation from General Agriculture to Light Industrial with a Planned Development Designation. As such, staff recommends that the Amendment to the Adopted Comprehensive Plan to change the land use designation from General Agriculture to Light Industrial be denied without prejudice to allow the title to be corrected.
