- Variance to the Subdivision Regulations shall be obtained;
3. Prior to Preliminary Plat approval by the City Council, a cost estimate of the subdivision improvements shall be submitted for review and approval; and,
  4. Upon submittal of a Final Plat application, surety for any required subdivision improvements that have not been completed shall be posted and the subdivision inspection fees shall be paid.
  5. Prior to the City's acceptance of the public improvements, a warranty surety shall be submitted for review and approval.

**GENERAL COMMENTS:**

The applicant has submitted a Preliminary Plat applicant to split a residential lot into two townhome lots and adjust the lot line of an existing townhome lot to meet the minimum setback requirements for the existing structure. In addition, the applicant has submitted a Variance to the Subdivision Regulations (#08SV005) to waive the requirement to install sidewalks along Mulligan Mile and to reduce the right-of-way of Mulligan Mile from 47 feet to 40 feet.

On October 4, 2004, the City Council approved a Preliminary Plat (#04PL107) to subdivide the subject property into 20 townhome lots. A Final Plat (#05PL045) was subsequently approved administratively creating the townhome development. On September 7, 2004, the City council approved a Variance to the Subdivision Regulations (#04SV048) to waive the requirement to install a sidewalk along Mulligan Mile and to reduce the right-of-way width of Mulligan Mile from 47 feet to 40 feet.

On July 5, 2005, City Council approved a Preliminary Plat (#05PL099) to reconfigure 20 townhome lots into ten residential lots. On October 11, 2005, a Final Plat (05PL194) was approved creating ten residential lots. In addition, City Council approved a Variance to the Subdivision Regulations (#05SV036) to waive the requirement to install sidewalks along Mulligan Mile and to reduce the right-of-way of Mulligan Mile from 47 feet to 40 feet. However, since the property is being replatted, a subsequent Variance must be obtained.

On July 2, 2007 City Council approved a Preliminary Plat (#07PL071) with stipulations and a Variance to the Subdivision Regulations (#07SV031) with stipulations that include Lot 42 BR. The applicant has now submitted a Preliminary Plat applicant to split a residential lot into two townhome lots and adjust the lot line of Lot 42BR to meet the minimum setback requirements for the existing structure.

The property is a part of the Hart Ranch Planned Unit Development in Pennington County and townhomes are currently being constructed on the property.

**STAFF REVIEW:**

Staff has reviewed the Preliminary Plat and has noted the following considerations:

**Sidewalks:** Currently, sidewalks do not exist along Mulligan Mile. As such, staff is recommending that prior to Preliminary Plat approval by the City Council, construction plans showing the construction of sidewalks along both sides of Mulligan Mile be submitted for review and approval or a Variance to the Subdivision Regulations must be obtained.

**No. 08PL009 - Preliminary Plat**

**ITEM 32**

---

Mulligan Mile: Currently, Mulligan Mile is located in a 40 foot wide right-of-way with approximately 24 feet of pavement. However, Mulligan Mile is classified as a sub-collector street requiring that it be located in a minimum 47 foot wide right-of-way. As such, staff is recommending that prior to Preliminary Plat approval by the City Council, the plat document be revised to show the dedication of an additional 3.5 feet of right-of-way for Mulligan Mile or a Variance to the Subdivision Regulations must be obtained.

Easement: As part of the proposed plat the applicant is relocating an existing minor drainage and utility easement between proposed Lot 42BR – Revised and Lot 43AR. All the effected utility companies have been notified and have no objections to relocating the easement. As such, staff concurs with the relocation of the easement as part of the proposed plat.

Staff believes that the proposed plat generally complies with all applicable Zoning and Subdivision Regulations assuming compliance with the stated stipulations.
