No. 08SV003 - Variance to the Subdivision Regulations to waive the ITEM 26 requirement to install curb, gutter, sidewalk, street light conduit, water, sewer and pavement as per Chapter 16.16 of the Rapid City Municipal Code

RECOMMENDATION:

Staff recommends that the Variance to the Subdivision Regulations to waive the requirement to install curb, gutter, sidewalk, street light conduit, water, sewer and pavement as per Chapter 16.16 of the Rapid City Municipal Code be continued to the **March 27, 2008** Planning Commission meeting to allow the applicant to submit additional information.

GENERAL COMMENTS:

(Update, February 22, 2008. All revised and/or added text is shown in bold print.) This item was continued at the February 21, 2008 Planning Commission meeting to allow the applicant to submit additional information. In particular, an on-site water plan prepared by a Professional Engineer demonstrating that adequate fire and commercial flows are being provided must be submitted for review and approval. In addition, an on-site wastewater plan prepared by a Professional Engineer demonstrating that the soils are suitable for on-site wastewater systems must be submitted for review and approval. A Master Utility Plan showing private and public utilities must also be submitted for review and approval.

To date, the applicant has not submitted the information as previously requested. As such, staff is recommending that this item be continued to the March 27, 2008 Planning Commission meeting to allow the applicant to submit the information.

The applicant has submitted a Variance to the Subdivision Regulations to waive the requirement to install curb, gutter, sidewalk, street light conduit, water, sewer and pavement along Aviation Road, to install curb, gutter, sidewalk, street light conduit, water and sewer along Airport Road and to install curb, gutter, sidewalk, street light conduit, water, sewer and additional pavement along S.D. Highway 44 as they abut the property. In addition, the applicant has submitted a Preliminary Plat (File #08PL007) to subdivide one lot into two lots.

The property is located in the northeast corner of the intersection of S.D. Highway 44 and Airport Road. Currently, the property is void of any structural development.

STAFF REVIEW:

Staff has reviewed the Variance to the Subdivision Regulations and has noted the following considerations:

Subdivision Improvements: The applicant has indicated that the property will be served by a well. To date, an on-site water plan prepared by a Professional Engineer demonstrating that adequate fire and domestic flows are being provided has not been submitted for review and approval. The applicant has also indicated that the property will be served by a private on-site wastewater system. To date, an on-site wastewater plan prepared by a Professional Engineer demonstrating that the soils are suitable for on-site wastewater systems has not been submitted for review and approval. In addition, a Master Utility Plan has not been submitted for review and approval to determine if water and sewer main(s) are needed in the adjacent rights-of-way to serve the area now or in the future.

Staff is recommending that the Variance to the Subdivision Regulations be continued to the
