**No. 08CA012 - Amendment to the Adopted Comprehensive Plan to change the land use designation from Low Density Residential to Public**

---

**ITEM 17**

RECOMMENDATION:

Staff recommends that the Amendment to the Adopted Comprehensive Plan to change the land use designation from Low Density Residential to Public be continued to the **July 10, 2008** Planning Commission meeting.

GENERAL COMMENTS:

**(Update: June 13, 2008. All revised and/or added text is shown in bold.) This item was continued to the June 26, 2008 Planning Commission meeting to allow the applicant to submit required information. To date, the information has not been submitted for review and approval. As such, staff recommends that this item be continued to the July 10, 2008 Planning Commission meeting.**

The applicant has submitted a Comprehensive Plan Amendment to the Future Land Use Plan to change 0.59 acres from Low Density Residential to Public. This undeveloped property is located north of Sweet Briar Street, east of Jolly Lane, west of Neel Street and south of Homestead Street. The property to the north is currently zoned General Agricultural District. The property to the south is currently zoned Low Density Residential District. The property to the east is currently zoned Low Density Residential District in Pennington County. The property to the west is currently zoned Low Density Residential.

An associated Rezone Application (#08RZ009) to change the zoning designation from Low Density Residential District to Public District and a Preliminary Plat (#08PL030) have been filed in conjunction with this request.

STAFF REVIEW:

On April 1, 2008, staff met with the applicant to discuss the proposed design and service boundaries of the sanitary sewer system for the development since the southern portion of the property is located within the Rapid Valley Sanitary District service area and the northern portion of the property is located within the City of Rapid City's service area. Staff is recommending that the Preliminary Plat be continued to the May 8, 2008 Planning Commission meeting with the applicant's concurrence to allow the service area issue to be addressed. Staff is also recommending that this item be continued to the May 8, 2008 Planning Commission meeting to allow it to be heard in conjunction with the associated Preliminary Plat. In addition, the Future Land Use Committee will consider this request at their April 17, 2008 Future Land Use Committee meeting. The Future Land Use Committee reviewed this request at their April 17, 2008 meeting and indicated that they concur with the request contingent upon the applicant demonstrating an adequate sanitary sewer system to serve the property.

Notification:

As of this writing, the required sign has been posted on the property, and the receipts from the certified mailing have been returned. Staff has received some inquiries, but no objections regarding the proposed request at the time of this writing.
