---

**additional information has been submitted. Staff will recommend approval of the SDCL 11-6-19 Review to allow a structure on public property if the additional information above is submitted for review and approval prior to the July 10, 2008 Planning Commission meeting.** The property is located at 1301 Sheridan Lake Road. The property is located south of Rapid Creek, north of Jackson Boulevard and west of Sheridan Lake Road. The property is zoned Flood Hazard District. The property to the north is zoned Park Forest District, the properties to the south are zoned Low Density Residential District and Office Commercial District. The property to the east is zoned Low Density Residential District. The applicant has constructed a 480 square foot shed for the storage of Christmas lights. An SDCL11-6-19 Review is required for the project. The applicant is now seeking approval of the previously constructed shed.

STAFF REVIEW: Staff has reviewed the SDCL 11-6-19 Review request to allow a structure on public property and noted the following considerations:

Site Plan: A complete site plan was not submitted with this application. Prior to Planning Commission approval the applicant must submit a complete site plan including the boundaries of the property for review and approval.

Elevations: Elevations of the shed were not submitted with the application. Prior to Planning Commission approval the applicant must submit elevations or photographs of the shed for review and approval. The elevations must include a list of building materials that identify the color of the shed.

Building Permit: The building was constructed without a building permit. Prior to Planning Commission approval the applicant must obtain a building permit.

Flood Plain: It appears that the shed is located within the 100 year flood plain. Prior to Planning Commission approval the applicant must obtain a Flood Plain Development Permit.
