Project #08.1434.001

June 13, 2008

11-6-19 SDCL Review

General Work

The work proposed for this project includes re-siding of 4 apartment buildings and 2 single family houses, with new pre-finished hardwood siding in four selected colors, new asphalt shingle roofing, new front and rear storm doors, construction of new entry additions on the 4 apartment building, and construction of new single car garages at the single family house on Milwaukee Street. New concrete patios with privacy walls will be added at the rear of the 4 apartment buildings. New perimeter fencing will be constructed along the east, south and a portion of the west property line. The site lighting will be upgraded with new poles and lights.
