authorized in the municipality or within its subdivision jurisdiction until and unless the location and extent thereof shall have been submitted to and approved by the Planning Commission". As previously indicated, the property is currently owned by Pennington County Housing Development requiring that the Planning Commission review and approve the proposed construction.

STAFF REVIEW: Staff has reviewed the proposed SDCL 11-6-19 Review as it relates to the applicable provisions of the Rapid City Municipal Code and has noted the following issues:

Building Permit: Staff noted that a Building Permit must be obtained prior to initiation of construction and that a Certificate of Occupancy must be obtained prior to occupying the new structure.

Design Features: The applicant's site plan shows that there is an existing single family residence located on the property. The applicant is proposing to construct a 576 square foot attached double car garage on the property. The applicant has indicated that the proposed garage will have steel siding that matches the single family structure. The proposed colors are "Coastal Sage", "Cape Cod Gray", "Adobe Cream", "Monterey Sand" and "Tuscan Clay".

Setbacks: Dwellings must be set back not less than 25 feet from the front and rear property lines. For a single-story dwelling, located on interior lots, side yards must be not less than eight feet in width. All setbacks meet the minimum requirements of Chapter 17.10.050 of the Rapid City Municipal Code.

Fire Safety: Staff noted that all main structures must be in compliance with the adopted International Fire Code.

Staff is recommending that the SDCL 11-6-19 Review be approved.
