We are writing in response to the letter we received concerning the permit for an on sale liquor establishment at 2130 Jackson Blvd. The meeting is May 22 at 7:00 AM. We will not be able to attend the meeting so are sending this letter.

We live near this site and are very opposed to the addition of another liquor store/casino/ or bar in this neighborhood. We do not need or want another one. Very often we hear commotion and noise late at night from another establishment that is near this proposed one. We do not want another one in this area.

If we have a voice in the granting of a permit for this establishment, we would like to make our voices known that we DO NOT WANT another such type of business in this neighborhood.

Sincerely,

Guy and Carol Krugjohn
