the west is zoned Suburban Residential District in Pennington County. The applicant is proposing to construct a monopole communications facility that is 130 feet in height. The applicant has indicated that an existing storage shed will be used to store the required equipment for the facility.

South Dakota Codified Law 11-6-19 states that “whenever any such municipal council shall have adopted the comprehensive plan of the municipality or any part thereof, then and thenceforth, no street, park, or other public way, ground, place, space, no public building or structure, no public utility, whether publicly or privately owned, if covered by the comprehensive plan or any adopted part thereof, shall be constructed or authorized in the municipality or within its subdivision jurisdiction as defined in § 11- 6-26, until and unless the location and extent thereof shall have been submitted to and approved by the Planning Commission”. The proposed location for the telecommunications tower is located within the area covered by the Rapid City Comprehensive Plan requiring that the improvements be reviewed and approved by the Rapid City Planning Commission.

STAFF REVIEW: Staff has reviewed the SDCL 11-6-19 and has noted the following considerations:

Site Plan: A complete site plan drawn to scale was not submitted for this project. The applicant must submit a complete sit plan drawn to scale identify the property boundaries for review and approval. As such, staff recommends the SDCL 11-6-19 Review to allow a telecommunications tower be continued to the August 21, 2008 Planning Commission meeting.

Parking: A complete parking plan has not been submitted for review and approval. The applicant must submit a complete parking plan including the number of required parking spaces for the existing and proposed uses for review and approval. As such, staff recommends the SDCL 11-6-19 Review to allow a telecommunications tower be continued to the August 21, 2008 Planning Commission meeting.

Elevations: The plan that was submitted did not include elevations for the existing or proposed structure. The applicant must submit building elevations that are to scale and include building materials and colors for review and approval by Growth Management staff. As such, staff recommends the SDCL 11-6-19 Review to allow a telecommunications tower be continued to the August 21, 2008 Planning Commission meeting.

Service Area Map: The plans that were submitted for this project did not include a Service Area Map showing the location of the proposed cellular tower. The applicant must submit a Service Area Map showing the service area for their facilities and demonstrating the need for this tower. A second Service Area Map must be submitted showing all other providers' cellular towers in the area, a service boundary for each facility and demonstrate that that the existing facilities (towers, antennas, etc.) will not allow co-location due to capacity issues or that the location of the facility is outside of the service coverage area needed by the applicant. As such, staff recommends the SDCL 11-6-19 Review to allow a telecommunications tower be continued to the **September 4, 2008** Planning Commission
