To Whom This May Concern -

I AM in receipt of my certified letter as I live at 3428 W. South St. I AM presently on annual leave from my state gov't job working fulltime for The R. C. Harley Davidson. I cannot be present for the Aug 7<sup>th</sup> meeting and cannot find out my legal description of my property within the office hours of city government. You have my permission to look this up, as it is public record.

I object to this conditional use permit application. Due to W South Street being a one block dead end street, I don't believe our street can handle this additional flow of traffic. Esp. with the fall/winter/spring school (West & Stevens) traffic, we are backed up as it is. And The Church (St. Andrews) hasn't been

able to adequately enforce their traffic parking & flow for church events such as for funerals. I have called the church a couple of times due to funeral/wedding parking has closed my access to even get out of my driveway. And they have never responded to me. And when we had road construction done on W. South St, they made rules to all of us that weren't conceivable to adhere to. We all on W. South St are residential other than Game, Fish & Parks. And we also have an apartment complex at the end.

We also have the main access to Mary Hall Park, thus I feel for only one block we take on a great deal already. And with no city lighting!

So please at least do an analysis of this before granting.  
Thank you!

Nancy Hook
