Re: **11-6-19 SDCL Review Statement**
Reservoir Rd 14" Low Level Water Transmission Main

Attn: Growth Management Department

The proposed project includes construction of a 14" PVC water main from the intersection of Hwy 44/Reservoir Road south 2.1 miles along the west side of Reservoir Road as shown on the attached map and drawings. The intended use of the water main is to provide an extension of the City water utilities to serve portions of Morningstar Subdivision and other properties located in the City of Rapid City.

Sincerely,
CETEC Engineering Services, Inc.
