STEALTH® Concealment Solutions, Inc. understands that at times a standard product is not feasible in satisfying the most demanding of customers. In order to assist you, **STEALTH®** provides full design and engineering of our custom products.

In the past ten years, **STEALTH®** has designed, engineered, and fabricated hundreds of custom concealments. Applications include, but are not limited to: **louvers, dormers, steeples, various towers, side mounted boxes, signs, silos, chimneys, acrylic windows, and even ranger stations.**

From the project's inception, our team of professionals will work with all parties involved to provide the best possible concealment.
