Destination Rapid City

Destination Rapid City is in the design phase for information kiosks for downtown Rapid City. To date eight locations have been identified as sites for the kiosks. This request is for the "You Are Here" map, the member business listing, and a gateway graphic for the reverse side of the kiosk.

The proposed kiosk locations are:

- SE corner of 6th & Saint Joseph
- SW corner of 7th and Kansas City Street
- NE corner of 7th and Saint Joseph
- SW corner of 7th & Main Street
- NE corner of 6th & Main Street
- NW corner of 8th & Main Street
- Civic Center West entrance
- Civic Center East entrance

Description of Request

The project is to locate six monument style information kiosks in the public right of way. The front view would include a map of the downtown. Information listings would include name and address of public buildings, government buildings, and services providers identified in a "you are here" format. The back view would be graphic art to announce a "gateway" to a downtown district. The kiosks would not provide for advertising beyond listing of name and address.

Owner: City of Rapid City

Project Manager: Destination Rapid City

Request:

Currently a wayfaring informational style sign is prohibited in the public right of way under Rapid City Sign Code Ordinance. The proposed kiosks are considered informational and directional signs that are commonly referred to as "You Are Here" signs.

We request the Rapid City Common Council to grant an exception to the Rapid City Sign Code to allow the placement of eight information kiosks as described and pictured to be placed in the public right of way in downtown Rapid City. Two of the eight kiosks are proposed to be located at the east and west entrances to the Civic Center.

The signs will not be lighted.
