February 6, 2009

To: City of Rapid City, Growth Management
From: David Reyelts
Project: Tower Road Court
Subject: Review for Major Amendment

Reyelts Construction, Inc. is submitting proposed changes to driveway size and location on Tower Road Court, Skyline Pines East Subdivision.

1. All lots have 3 car garages with full width parking in front of each stall (3 parking spaces per townhome/home).
2. We will provide 5 off street parking spaces.

The proposed revisions will provide for additional parking for all townhomes/homes and will have safer access to get in and out of each driveway.
