addition to the requested date for the event, the applicant is proposing to use August 21, 2009 to set up and August 23, 2009 to remove the tent.

South Dakota Codified Law 11-6-19 states that “whenever any such Municipal Council shall have adopted the comprehensive plan of the municipality or any part thereof, then and thenceforth, no street, park, or other public way, ground, place, space, no public building or structure, no public utility, whether publicly or privately owned, if covered by the comprehensive plan or any adopted part thereof, shall be constructed or authorized in the municipality or within its subdivision jurisdiction as defined in § 11- 6-26, until and unless the location and extent thereof shall have been submitted to and approved by the Planning Commission”. The proposed location for the event is located within the area covered by the Rapid City Comprehensive Plan requiring that the improvements be reviewed and approved by the Rapid City Planning Commission.

STAFF REVIEW: Staff has reviewed the proposed SDCL 11-6-19 Review and has noted the following issues:

Flood Plain: The proposed site for the event is located within the 100 Year Federally Designated Flood Plain and will require Special Exception as regulated in Section 15.32.240 of the Rapid City Municipal Code and a Flood Plain Development Permit. The applicant has submitted an application for a Special Exception (#09SE002) as provided in Section 15.32.240, the Flood Area Construction Regulations of the Rapid City Municipal Code but this application will not be considered until the April 20, 2009 City Council meeting. As such, staff recommends that the SDCL 11-6-19 Review to allow temporary structures on public property be continued to the April 23, 2009 Planning Commission meeting.

Special Events Permit: The proposed event will be located in Canyon Lake Park and will require that the applicant obtain a Special Events Permit from the City Parks and Recreation Department. As such, prior to Planning Commission approval, the applicant must obtain a Special Events Permit.

Building Permits: Staff noted a Temporary Use Permit must be obtained prior to initiation of the event. Staff also noted that all electrical wiring shall comply with all applicable Building and Electrical Codes.

Signage: Staff noted that signs shall be on-premise signs only as per Section 15.28 of the Rapid City Municipal Code and a sign permit shall be obtained prior to installation of any signage. In addition, the location of any signage must be identified on the site plan. Staff also noted that no banners shall be allowed within the public right-of-way or on fences.

Fire Code: The Fire Department has stated that the petitioner must submit complete plans for all proposed tents at the time a Temporary Use Permit application is submitted. Additionally, a tent checklist form and a tent inspection must be completed prior to initiation of the event and adequate access for Fire Department apparatus must be continually maintained for the duration of the special event.
