Memorandum

To: Rapid City Planning Commission
Re: Parkview Tennis Courts

The City of Rapid City and the Rapid City Area School District have partnered to build a twelve court tennis complex at the current location of the Parkview Pool and Parkview Softball Complex. The School District will be hosting both State High School Tournaments for the boys and girls in the Spring and Fall of 2010.

The School District will be administering the construction of the tennis courts and associated walkways this Spring and Summer and the City will be administering the construction of the irrigation and landscaping this Fall.

The plan also identifies additional parking, lighting, rest rooms and associated utilities that will be completed as the budget allows or as additional funding becomes available. While the additional parking lot and rest room will create dedicated tennis court facilities, we believe they are not required at this time because of existing facilities.

Please contact me if you have any questions.

Sincerely,

City of Rapid City
