May 28, 2009

To Whom it May Concern:

On behalf of the Black Hills Heritage Festival, we are submitting an 11-6-19 SDCL Review form in which we request to hold a 4 day event next to the civic center on the Memorial Park side. Please see the attached map updated for the 2009 season.

The festival will take place on Wednesday July 1st, 2009 through Saturday July 4th, 2009. We will have approximately 80 craft vendors and 15 food vendors (as marked on our map). There will be two 20x20 event tents for the acoustic area and children's area, and a 60x90 main tent located in front of the band shell. This area will be fenced off with a dual security fence which will be at least 10 feet from the current flood plain line. Also we have X'd out on a few of the previous vendor spots which were close to the flood plain line. These are all marked on the enclosed map as well. Thank you for your time and consideration on this matter.

Please call me if you need any further information. Thank you.

Sincerely,

Daniel McElroy, Festival Coordinator
