Heavy Duty Plastic Stanchion Post - 3.0" OD

Model 1

When purchasing plastic stanchion posts and plastic chain, **don't be fooled** by other websites or only low-quality imitations of our products (imported from China). **All of our Plastic Stanchion and Chains are Made in the U.S.A.**, meaning you get the highest-quality, most durable and UV protected plastic that is free of worries about toxic paints or dyes. In addition, our plastic stanchion chains are **exclusively made from Polyethylene plastic**, the most durable plastic available the approximately **100 times longer** in sunlight or UV light than other plastic stanchions and chains market! Why would you even bother with any other brand when the best is right here?

- **IN STOCK!**
- The heaviest Plastic Stanchion Post on the market!
- Perfect for outdoor areas
- "C" Hooks are included at no additional cost with this 3.0" O.D. stanchion model
- Our plastic stanchion posts and chains are Made in the U.S.A. Beware of low-quality imitation (imported from China) that are sold on other websites.

- Max. length chain: 10'
- Height: 41"
- Base Diameter: 16"
- Tube Diameter: 3.0"
- Weight: 5.0 lbs
- Weight with Sand or Gravel: 15 lbs (use of water to fill bases is not recommended)
- ***Plastic Stanchion Posts are for use with Plastic Chains only (they will not support hanging ropes)
- Use with plastic chain sizes 2.0" up to 4.0"
