

To whom it may concern:

---

Late Harvest Inc, dba Tally's Silver Spoon located at 530 6<sup>th</sup> St. is submitting an application to Development Review for a Sidewalk Café Permit.

We would like to offer outdoor seating to our customers during our summer hours of operation. We plan to have one square table on the 6<sup>th</sup> St side with 4 chairs and four tables on the St Joe side, each with 4 chairs. This area will be barricaded as required by ordinance with 40 inch stanchions and plastic chain.

There will be an area on the St Joe side parallel to the building 33 feet in length and extending out from the building 6 feet that will be barricaded. This will enclose 4 tables and have 2 five foot openings for access.

On the 6<sup>th</sup> St side the barricaded area is 10 feet parallel to the building, extending 6.5 ft into the sidewalk with a 3 foot opening for access.

As our building has approximately 6.5 ft of awning extending over the sidewalk we have no plans for umbrellas.
