GENERAL NOTES
SPECIFICATIONS TO BE USED
 None shall be in accordance with the 2007 Edition of the City of Rapid City Standard Specifications for Public Works Construction and any current revisions and/or additions or requirements on the drawings.
PERMITS
 The Contractor is responsible for paying all fees associated with the project and shall be responsible for obtaining all necessary permits.
UTILITIES
 The One Call number was called for utility locates during the survey activities for the project design. The utilities shown on the drawings are from the One Call markings. The Contractor shall call the One Call number for locates prior to starting construction and is responsible to verify the locations of all utilities.
TRAFFIC CONTROL
 The Contractor shall be responsible for all traffic control. All traffic control shall be in conformance with the latest revisions of the Manual on Uniform Traffic Control Devices and the requirements of the City of Rapid City.
VEGETATION
 All disturbed areas not to be paved shall be fertilized, seeded and mulched per the City of Rapid City Standard Specifications. The seed mix shall be Road Ditch Mix per Standard Specifications. The seed shall be applied by drilling per standard specifications. Straw mulch shall be applied at a rate of 2,000 pounds/acre per standard specifications. The mulch shall be punched into the soil per standard specifications.
