Parker, CO 80138

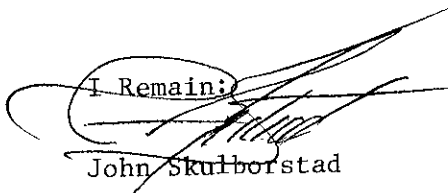

Dear Mr. Holpp:

July 2, 2009

As to the non-compliance items identified by the City of Rapid City at 4616 Jackson Blvd., those items described in your certified letter are such that they need to be addressed on-site so as to eliminate any confusion as to that which SDI is willing to address and remedy prior to the July 23rd Planning Commission.

The last item indicated concerning the medium sized deciduous tree would be that which has already been planted previously and that being a Acer x freeman Sienna Glen Maple. As to areas to be reseeded, replacing rock and adding rock are issues that will require meeting on-site to discuss my concerns and what needs to be addressed.

So please feel free to contact me at your earliest convenience and we can setup a date and time to meet on-site to discuss further my concerns. At this time, I'll be faxing this letter to you as well as dropping off a copy to Growth Management for their files. I can be contacted at 605-431-8838.

I Remain:

John Skulborstad

cc: Vicki Fisher
