

What is the Governor's House?

In 1995, the Governor's House program was created as a way to provide reasonably sized, affordable homes to income-qualified individuals and families.

The Program puts prison inmates to work learning valuable skills, while providing affordable, energy efficient, low maintenance homes to those who may otherwise not be able to afford one. The simplified home design, in conjunction with the Governor's Inmate Training Program, keeps the cost of these homes affordable.

What is SDHDA?

The South Dakota Housing Development Authority (SDHDA) was created by the South Dakota Legislature in 1973 with a mission to provide decent, safe, and affordable housing to low and moderate income South Dakotans. SDHDA is a self supporting, nonprofit entity which uses no State tax dollars.
