DATE OF APPLICATION	10/15/2009
REVIEWED BY	Patsy Horton / Karley Halsted

RECOMMENDATION: Staff recommends that the SDCL 11-6-19 Review to allow a structure on public property be approved.

GENERAL COMMENTS: The applicant has submitted an SDCL 11-6-19 Review to allow a structure on public property. The applicant provided structural elevations identifying that the bus shelter is approximately 5 foot by 10 foot in size and 7 feet in height and constructed with anodized dark bronze aluminum finish with polycarbonate glazing. The bus shelter currently located at the southwest corner of East Boulevard North and North Street will be relocated to a location approximately 700 feet west of the existing shelter location. Additionally, the bus shelter will be secured on a new concrete foundation with ½" by 6" anchor bolts. A new 5 foot sidewalk will connect the sidewalk to the street along the south side of the bus shelter. The missing sidewalk just west of the proposed shelter location will also be installed. The bus shelter will be located just east of Boy Scout/Girl Scout Office at 140 North Street.

South Dakota Codified Law 11-6-19 states that “whenever any such municipal council shall have adopted the comprehensive plan of the municipality or any part thereof, then and thenceforth, no street, park, or other public way, ground, place, space, no public building or structure, no public utility, whether publicly or privately owned, if covered by the comprehensive plan or any adopted part thereof, shall be constructed or authorized in the municipality or within its subdivision jurisdiction as defined in § 11-6-26, until and unless the location and extent thereof shall have been submitted to and approved by the Planning Commission”. The request to relocate a structure on public property is a public improvement. In addition, the property is identified within the area covered by the Rapid City Comprehensive Plan requiring that the improvements be reviewed and approved by the Rapid City Planning Commission.

**STAFF REVIEW:**

Staff has reviewed the SDCL 11-6-19 Review and has noted the following considerations:

**Section 12.20.030:** Section 12.20.030.C of the Rapid City Municipal Code states that bus stop benches and shelters may be installed in the public right-of-way by the City or by the person operating under contract with the Rapid City Rapid Transit System and in compliance with the following requirements:

1. Clear sight triangles: Bus stop benches and/or shelters may not be placed in a manner which obstructs the sight triangle as provided in Section 17.50.335 of the Rapid City Municipal Code. Shelters may be constructed within this zone if they are designed of clear plastic or glass and do not block the vision of motorists.
2. Maintenance: Bus stop benches and shelters must be placed upon a hard surface so as to prevent sinking and unsightliness. The owner/distributor of bus stop benches must maintain the benches in a safe, attractive and repaired condition. The area around the benches or shelters must be mowed and kept free of litter.
3. Advertising: Advertising may be placed on benches commissioned by the Rapid City Rapid Transit System in accordance with Chapter 15.28.020 of the Rapid City Municipal Code when the proposed benches are not in or immediately adjacent to a residential, central business, park forest or general agricultural zoning district.

The applicant has submitted information identifying that the transit shelter will be located approximately 100 feet east of the Boy Scout/Girl Scout Office on North Street. The applicant provided floodplain data identifying that the proposed location is outside of the regulated floodplain. Additionally, the applicant has indicated that the proposed shelter location does not impact the existing utilities located within the right-of-way. The applicant has indicated that the shelter will be located and maintained in compliance with Chapter 12.20.030. In addition, the applicant has indicated that no advertising will be placed on the transit shelter.

**Permits:** A Permit to Work in the Right-of-way must be obtained prior to the start of construction.

The location and extent of the proposed transit shelter appears to be consistent with the
