

To whom this may Concern,

The proposed use is to slowly lower a lighted ball from the tenth floor approximately 105 feet above the sidewalk of 'The Hotel Alex Johnson' beginning just prior to twelve midnight on 12/31/09 and culminating at approximately 25feet above the sidewalk, which is ten feet above the awning on the second floor at the New Year 01/01/10. The police will put up barricades on 6<sup>th</sup> Street at Main Street and St. Joseph Street. The street will be open for foot traffic only from 10:00 PM 12/31/09 until it is reopened at 2:00AM 01/01/10. The police will remove the barricades after the street is cleared of litter and debris. Road closure permit has already been requested and I have been in contact with Officer Olsen. At least two officers will be present. No alcoholic beverages will be allowed in the right-of-way.
