Re: Paint the town purple event on 7<sup>th</sup> street

Dear Karen;

The American Cancer Society has asked me to provide electrical support for the up coming event on June 3, 2010. (Paint the town purple)

Attached are the electrical wiring diagrams that will be temporary installed for the event.

Mick's Electric will provide electrical support for the event, our contact information is as follows:

Mick's Electric  
1304 Oregon Street  
Rapid City, SD 57701

Jon Machacek  
Cell-605-391-0958  
Fax-605-394-9343  
Office – 605-348-2335

Re: Paint the town purple event on 7<sup>th</sup> street

Dear Karen;

There is one 200 amp electrical service at each entrance of the alley's on Seventh Street.

Below are the power requirements:

Approximately five vendors that will need 120 volt – 20 amp of power.

One band trailer that will need 120/240 volt – 50 amp of power.

One food vender that will need 120/240 volt – 30 amp of power.

Jump Castle will need 120 volt – 20 amp of power coming from corner flower bed area.

There will be Traffic ramps installed (provide by the street department) where the cables cross sidewalks and alley entrances.

Standard 3 wire extension cords will be used for 120 volt – 20 amp power needs  
For loads larger then 20 amps a SER cable or SEOOW cord will be used.

All the electrical circuits will be GFCI protected coming from the existing services.

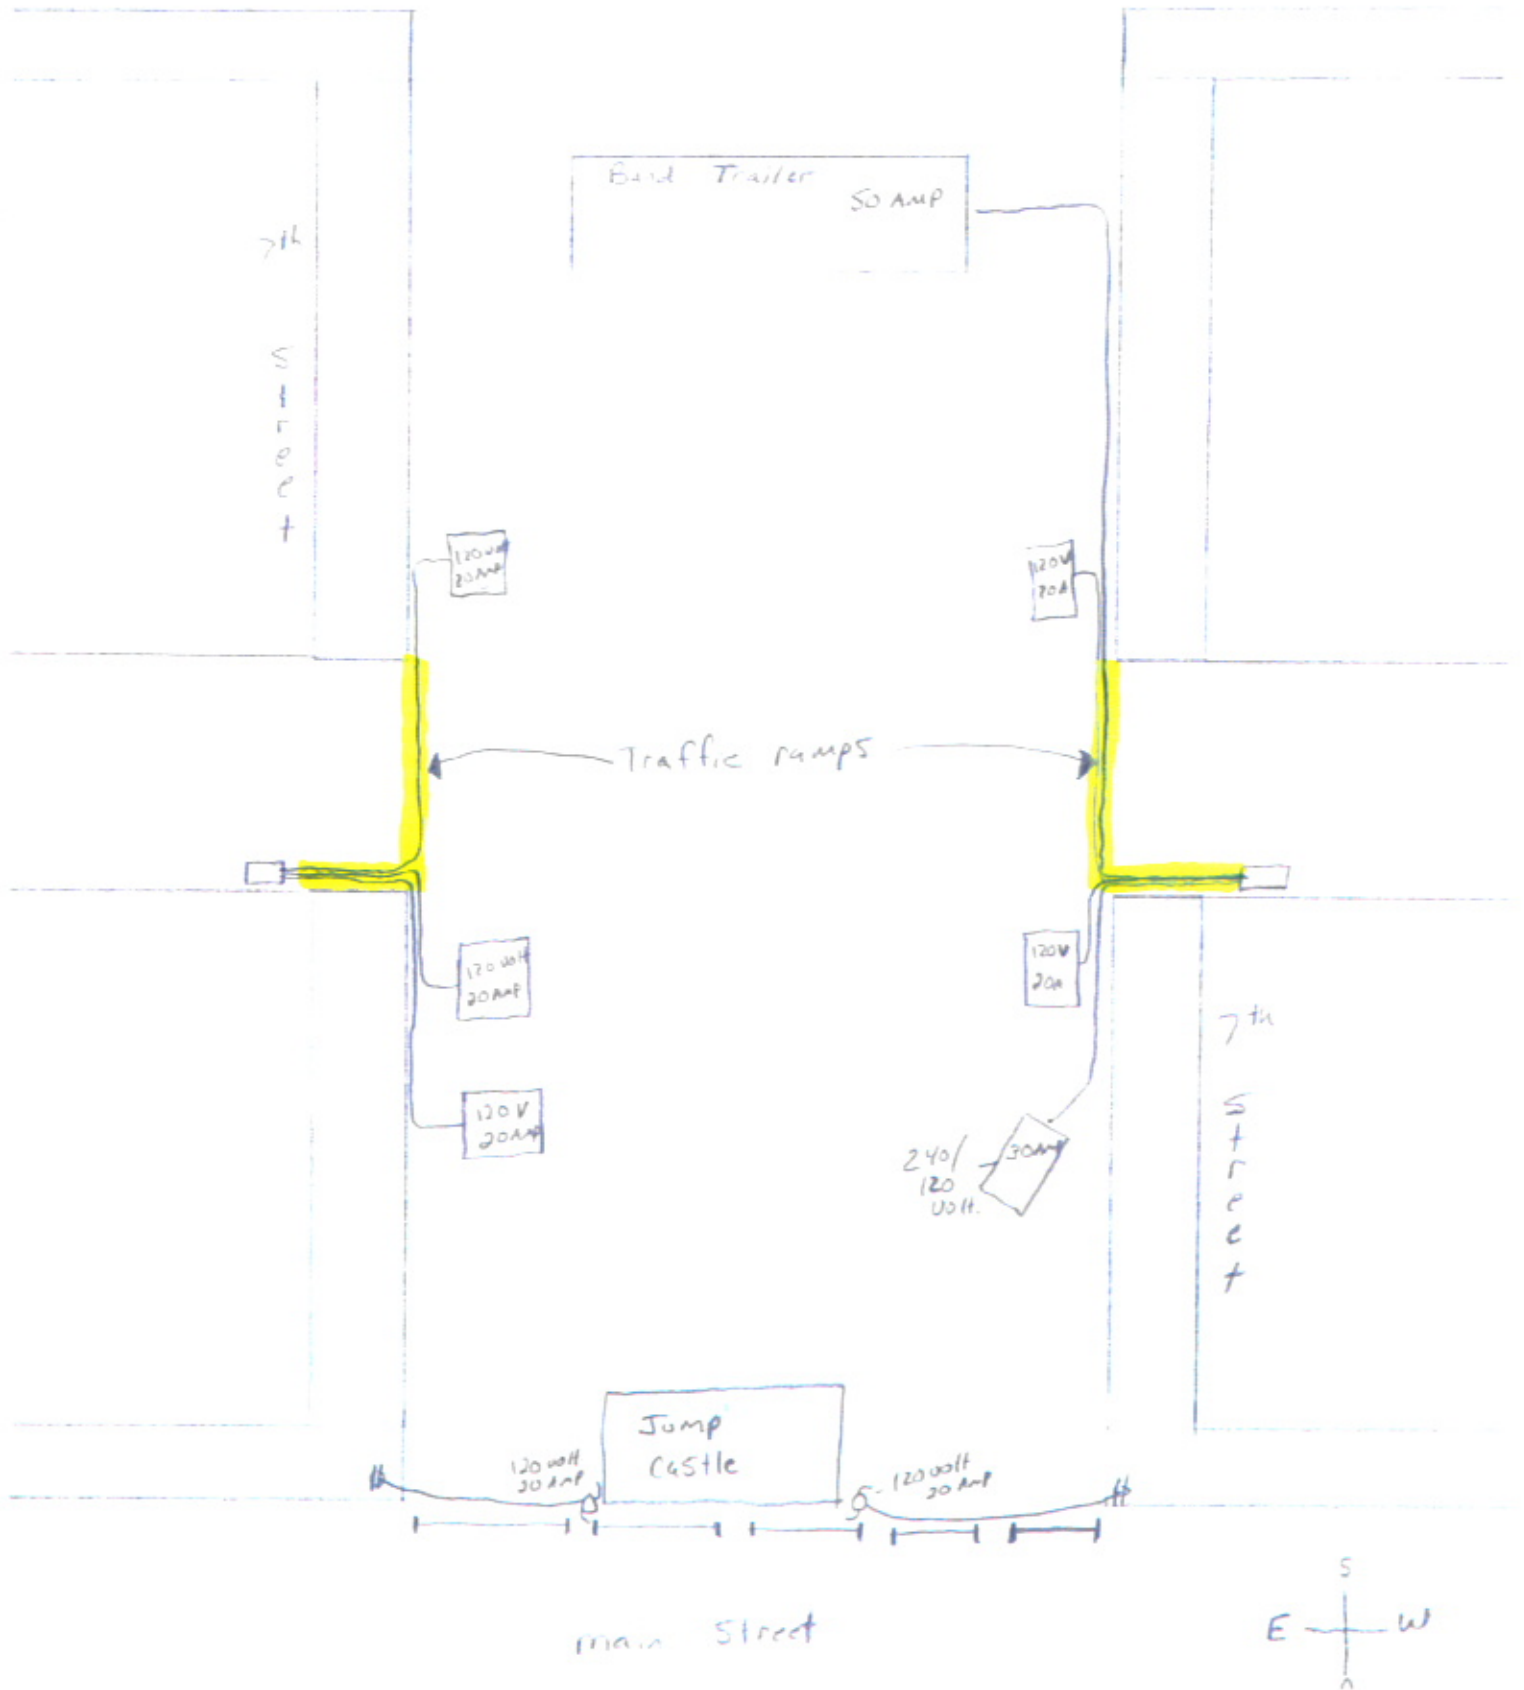

If you have any questions or concerns please call me at 605-348-2335  
Thank you,

Respectfully

Jon Machacek
