

# DRAFT

## WILD FIRE MITIGATION PLAN

Proposed Lots 14A and 14B of Lot 14 of Feay Reder Subdivision,  
Pennington County, SD  
Darryl Johnson – 9850 Sheridan Lake Road

1. Wood or shake shingles are prohibited on any structures.
2. A 25' "clear zone" shall be maintained around each residence. Within the 25' "clear zone", all ponderosa pines greater than 20' in height shall have limbs removed within 6' of the ground; the surface area shall be maintained grass; landscape material, or native grasses mowed to within 6" and kept free of pine needle accumulations.
3. No flammable materials (chemicals, firewood, etc) shall be stacked or stored within 25' of any residence.
4. It is recommended that ponderosa pine trees less than 4" in diameter be removed from other portions of the property.
5. It is further recommended that other trees be removed as necessary to maintain adequate spacing between mature trees (recommended 10' separation).

*Items 4 and 5 are recommendations for future maintenance, but do not constitute requirements for platting approval.*
