No. 10VR002 - Vacation of Right-of-way

ITEM 17

STAFF REVIEW: Staff has reviewed the Vacation of Right-of-Way request and has noted the following considerations:

Petition to Vacate Public Right-of-Way: The applicant has not submitted a petition signed by the adjacent property owners to vacate the portion of Racine Street. The applicant's consultant has indicated that the applicant is out of town and will be mailing in the required signed petition. As such, staff recommends that this item be continued to the May 27, 2010 Planning Commission meeting to allow the applicant to submit a petition signed by the adjacent property owners.

Application: The application submitted with the Vacation request was a copy of an application signed by the applicant. As previously stated, the applicant's consultant has indicated is out of town as will be mailing the original signed application. As of this writing, staff has not received the signed application. As such, staff recommends that this item be continued to the May 27, 2010 Planning Commission meeting to allow the applicant to submit an original signed application.

Utility Company Approval: The vacation of right-of-way requires permission of all affected utility companies. As of this writing, not all affected utility companies have provided written documentation indicating that they do not have objections to vacating the right-of-way. In particular, Black Hills Power & Light has not yet responded to the proposal. As such, staff recommends that this item be continued to the May 27, 2010 Planning Commission meeting to allow Black Hills Power & Light to submit a response indicating no conflicts with the proposed vacation.

Staff recommends that the Vacation of Right-of-Way request be continued to the May 27, 2010 Planning Commission meeting to allow the applicant to submit additional information.
