(Update: June 12, 2010. All revised and/or added text is shown in bold print.) This item was continued at the June 10, 2010 Planning Commission meeting at the applicant's request. In particular, the applicant requested that this item be continued to the June 24, 2010 Planning Commission meeting in order to meet with staff to address on-going utility and access issues.

Staff subsequently met with the applicant to discuss the extension of utilities to the site, access options and the reconfiguration of the proposed lots to prevent creating irregular shaped lots. It was also discussed that if reconfiguring the plat results in lots with less than the minimum three acre lot size required within the Park Forest District, an Initial and Final Residential Development Plan could serve as the tool to allow the reduced lot size(s)

On June 2, 2008, the City Council acknowledged the applicant's withdrawal of a Preliminary Plat (File #08PL052) to subdivide the property into two lots.
