The property is located on the north side of Cathedral Drive, west of 5<sup>th</sup> Street and east of Mount Rushmore Road. The property is zoned High Density Residential District. A high rise apartment building owned by the Pennington County Housing Authority is currently located on the property.

STAFF REVIEW: Staff has reviewed the Conditional Use Permit request to allow cellular communication antennae in a High Density Residential Zoning District and has noted the following considerations:

Section 17.50.400.A: Staff review has identified that the proposed antennas and existing antennas currently located on the building do not meet the requirements for microcell wireless communications facilities as set forth in Section 17.50.400.A. As such, staff recommends that this item be continued to the August 5, 2010 Planning Commission meeting to allow the City to consider an ordinance amendment to Section 17.50.400.A of the Rapid City Municipal Code.

In addition, the applicant has indicated that he would be unable to complete the notification requirement by the required date. As such, the applicant has asked that this item be continued to the August 5, 2010 Planning Commission meeting so that the notification requirements may be met.
