Municipal Airport. Currently, the proposed lots are void of any structural development.

STAFF REVIEW:

Staff recommends that the Variance to the Subdivision Regulations be continued to be heard in conjunction with the associated Preliminary Plat. The Preliminary Plat identifies Airport Road serving as access to the two proposed lots. Airport Road is a private drive located on property owned by the City of Rapid City. Airport Road is not located within a dedicated public right-of-way. As such, the applicant submitted a request to the Airport Board requesting access from Airport Road. However, on May 25, 2010, the Airport Board denied the request.

Until the access issue is resolved, it is unclear if the Variance to the Subdivision Regulations can be supported to waive the requirement to improve the section line highway. Please note that since Airport Road is not located within a public right-of-way, the Variance to the Subdivision Regulations to waive the requirement to improve the street is not needed and will be denied when this item comes forward for consideration.

Staff recommends that the Variance to the Subdivision Regulations be continued to the **August 26, 2010** Planning Commission meeting to be heard in conjunction with the associated Preliminary Plat.
