

Grimm's Pump and Supply

Proposes to build a new building on Lot 5 Menards Subdivision for the business of selling and serving ^{city} all types of pumps. The building will consist of about 10,000 square feet of retail sales area and offices and about 5,000 - ~~7,000~~ square feet of storage and service area. It will have an enclosed yard for storage of pumps, tanks, and pipes as well as trucks and equipment for services.

2000' of service bay

We want to confirm that this site is zoned commercial and that the city understands our needs for a commercial location.
