

10PD071, 10PL069

Attn: Mayor Hanks, Planning commission and Elected counsel members.

I am not against another Wal-Mart coming to Rapid City, but I am against the location and the Tiff. Wal-Mart should keep their agreement. They stated they were going to pay for everything needed for that location, not us taxpayers. Also, how many taxpayers are aware of this? Rapid City has been headed in the right direction , having a medical district located in one area like other cities. I have never seen a super store located in the same area.

Thank you,  
Babe Steinburg  
Former city council member
