Dear Applicant:

To facilitate the sublease process for the above referenced-site and in review of environmental and NEPA compliance, ALLTEL or its affiliate wireless operating entity (defined as "Owner") certifies to the best of its knowledge:

- The Tower is a structure built for the sole or primary purpose of supporting FCC-licensed antennas and their associated facilities;
- The mounting of the proposed antenna and/or other equipment will not result in a substantial increase in the size of the Tower, as defined by Stipulation 1.C of the Programmatic Agreement;
- The Owner (as defined above) has not received written or electronic notification that the FCC is in receipt of a complaint from a public party, a State Historic Preservation Office/Officer (S.H.P.O.), or a Tribal Historic Preservation Officer (T.H.P.O.) indicative of an adverse effect by the Tower on one or more properties.
