

Proposal Statement

Jay White
1222 Alta Vista Drive
Rapid City SD 57701

My intention is to build an unattached garage for proper storage of motorcycles, snowmobiles and 3rd vehicle. Currently there is a shed on this site. I would move the shed to the rear of the lot behind treeline and build the garage on the current shed site.

The garage would be brick faced just like the house with matching siding and asphalt shingles. I would have electricity and ~~paved~~ concrete slab and sidewalk access. Thank you for taking time to consider my request.
