To Whom It May Concern,

Enclosed is an application for the development review.

We would like to add a tourist information center/skate shack to the existing parking structure for the benefit of the community. In moving the temporary skate shack, the already vacated alley will be enhanced and become more accessible for emergency vehicles.

In the current plan, the new information center/skate shack will take up three additional parking spaces, including one handicapped space and two normal parking spaces. We will still meet the standard requirement for handicapped requirements.

Please feel free to call me with any additional questions or information you might desire.

Sincerely,

Dan Senftner
President and CEO
Destination Rapid City

Enclosures: Application, photograph of existing property, current site plan, floor plan information, elevation sketches, materials plan and a written description of the proposed project.
