MEMORANDUM

TO: Rapid City Planning Commission

FROM: Patsy Horton, Long Range Planning Division Manager

DATE: March 15, 2012

RE: Amendment #12-006 to the 2012-2016 Transportation Improvement Program

Attached for your review and approval is Amendment #12-006 to the 2012-2016 Transportation Improvement Program. This amendment will move the Tower Road bridge epoxy chip seal project from 2012 to 2014 and combine it with the Mount Rushmore Road reconstruction project identified in 2014. This scheduling move will help reduce the construction and travel disruptions and assist with better traffic control. The Tower Road bridge deck condition warrants a deck overlay in lieu of an epoxy chip seal. Additionally, the SDDOT is working with the City to determine the aesthetic features and enhancements that will be included on the structure.

The funding for the project is identified as follows (in millions):

Project Category	Project Year	Federal	Local Match	Total Funding
State Highway Urban Systems Projects	2014	\$7.043	\$0.0	\$7.043
Bridge Projects	2012	-\$0.208	\$0.0	-\$0.208
Bridge Projects	2014	\$0.478	\$0.0	\$0.478
Total Change for Revision #12-006		\$7.313	\$0.0	\$7.313

STAFF RECOMMENDATION: Staff recommends approval of the 2012-2016 Transportation Improvement Program Amendment #12-006.
