Orris Enterprises, Inc.
520 7th Street
Rapid City, SD 57701

Dear Sir or Ma'am:

This is a letter of intent for a major amendment of a current conditional use permit.

Currently Orris Enterprises operates a retail establishment that serves beer and wine at 518 and 520 7th Street. We request that our conditional use permit be amended to include the sale of liquor (spirits) on premise at this location.

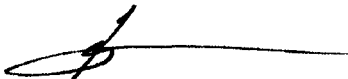

In addition we would like to amend the hours of operation to include operation times from 10am through South Dakota State legal last call. We would occasionally have an event that began before 10am but they would be infrequent (i.e. A Father's Day morning with cigars and champagne, or such other similar event). All operations will of course be limited to state legal hours.

The scope of this amendment will not require any construction or alterations to the permanent parts of the property.

This will allow our establishment to better serve the gentlemen and ladies of our town and the tourists alike, creating a very nice laid back and professional cigar lounge atmosphere.

Thank you for your timely consideration and your attention to this matter.

Sincerely,

Erich D. Orris
CEO
