PUBLIC UTILITIES	City water and sewer
DATE OF APPLICATION	February 27, 2013
REVIEWED BY	Patsy Horton / Ted Johnson

**RECOMMENDATION:**

Staff recommends that the Project Plan for Tax Increment District #74 be continued **at the applicant's request to the May 9, 2013 Planning Commission meeting.**

**GENERAL COMMENTS:** (Updated April 15, 2013. All added and/or revised text is shown in bold print.) This item was continued to the April 25, 2013 Planning Commission meeting to allow the applicant to submit additional information. The applicant has requested a continuation to the May 9, 2013 Planning Commission meeting.

The applicant is requesting the creation of a Tax Increment District and the associated Project Plan to assist in the future development of property adjacent to Elks Crossing and Elks Country Estates. The Tax Increment funds are to be utilized for the extension of Minnesota Street, underground utilities, a regional drainage facility and an irrigation pipe. The applicant will fund the project costs of the Tax Increment District with an anticipated interest rate of 6%.

It is anticipated that one or more of the properties in this proposed Tax Increment District will be used for commercial purposes. As such, the creation of this Tax Increment District for economic development purposes will not require an additional levy to make up for the School District's share of the property taxes included in the Tax Increment. The public improvements will enhance the ability for new development to occur, increase the community's economic vitality and expand the City's property tax base.

The proposed District boundaries incorporate approximately 472.49 acres located south and

---

west of Elks Country Estates and east of Elk Vale Road. Proposed District #74 includes the majority of the existing Tax Increment District #65.

STAFF REVIEW: The Tax Increment Financing Review Committee reviewed this proposal on February 26, 2013 and recommended approval of the creation of Tax Increment District #74 and directed staff to prepare the Project Plan.

When tax increment districts overlap, as in the case of the current proposal, all of the increment generated from a tax increment district are allocated to the first district created. The applicant is providing additional information as requested regarding expended project costs attributed to Tax Increment District #65 in order to validate that the proposed district is viable. As such, staff is recommending that the Tax Increment District #74 Project Plan be continued until the **May 9, 2013** Planning Commission meeting to allow the applicant an opportunity to provide the additional information requested.
