

DESIGN PARAMETERS RAILEASY™ MARINER

Specifications:

Recommended span: 48" between posts (60" max.)

Handrail: 2" diameter 16 gauge 316 grade stainless steel tubing

Infill: 1/2" diameter x 18 gauge 316 grade stainless steel vertical baluster

Posts: 4x4 posts with vinyl sleeves, post cap and skirt

Top and bottom rails are secured to posts using 316 grade cast stainless steel fittings sidemounts and (3) #10 stainless steel screws.

Rubber plugs used to minimize baluster movement.
