

Rapid City Planning Commission

Rezoning Project Report

August 27, 2015

Applicant Request(s)
Case # 15RZ015: a request to rezone property from No Use District to Low Density Residential District I
Companion Case(s) #: 15AN001 - a petition for annexation of 1.0 acres

Development Review Team Recommendation(s)
The Development Review Team recommends that the request to rezone property from No Use District to Low Density Residential District I be approved.

Project Summary Brief	
<p>The City is requesting to rezone approximately 1.0 acres of property from No Use District to Low Density Residential District I. The property owner has submitted an annexation petition which will be reviewed contemporaneously with this rezone request. Annexation of the property is a condition of a water connection agreement prepared by the City Attorney's Office. The agreement is being reviewed by Public Works and shall be signed by January, 2016. Today the property is located in Pennington County and has a zoning designation of General Commercial. The property is developed with a single family residence and a series of outbuildings. A mobile home located on the property would come into the City as a legal non-conforming use. The applicant has been notified that the use cannot be expanded upon, or replaced if destroyed. The applicant intends to continue the single family residential use on the property.</p>

Planning Commission Criteria and Findings for Approval or Denial	
Pursuant to Section 17.54.040.D of the Rapid City Municipal Code the Planning Commission shall consider the following criteria for a request to Rezone:	
Criteria	Findings
1. The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and districts affected, or in the city generally.	An annexation petition for the property (15AN001) is being reviewed contemporaneously. All annexed lands are temporarily designated as a No Use Zoning District. The annexation of the property constitutes the changing condition requiring rezoning of the property.
2. The proposed amendments shall be consistent with the intent and purposes of this title.	The purpose of the Low Density Residential District I is for single-family residential development with low population densities. The property has been in use as a single family residence for a number of years. The proposed amendment is consistent with the intent of the Ordinance.
3. The proposed amendment shall not adversely affect any other part of the city, nor shall any direct or indirect adverse effects result from the amendment.	The requested rezone will not result in additional development on the property and is to allow a currently existing use to remain on the property. Property in all directions contains undeveloped land and or public parks and greenway uses. The amendment will not adversely affect any other part of the City.
4. The proposed amendments shall be consistent with and not in	The Rapid City Future Land Use Map shows that this area is appropriate as Agriculture. The Low Density Residential

conflict with the development plan of Rapid City including any of its elements, major road plan, land use plan, community facilities plan and others.	District I is a typical zoning district located within an Agriculture land use designation. A City water main is being extended to the area along N. Elk Vale Road. The future development of Dakota Fields Sports Complex is planned to be located adjacent to the property on the west. The property is located on a Principal Arterial on the Major Street Plan. It appears that the proposed amendment is consistent with and does not conflict any Rapid City development plans.

Planning Commission Comprehensive Plan Policy Guidance for Approval or Denial	
In considering an application for approval or denial the Planning Commission finds that the application either complies or does not comply with the following values, principles, goals, and policies within the Rapid City Comprehensive Plan:	

Comprehensive Plan Conformance – Core Values Chapters	
 A Balanced Pattern of Growth	
BPG-3.2A	Mix of Housing Types: The requested rezone will allow the existing single family residence to continue to be used on the property. This contributes to the overall diversity of housing stock in the City.
 A Vibrant, Livable Community	
LC-3.1A	N/A
 A Safe, Healthy, Inclusive, and Skilled Community	
N/A	N/A
 Efficient Transportation and Infrastructure Systems	
N/A	N/A
 Economic Stability and Growth	
EC-3.2D	Residential Development in Existing Infrastructure and Service Areas: The requested rezone will allow an existing single family residence to continue to be used and to utilize City infrastructure that is being extended into the area.
 Outstanding Recreational and Cultural Opportunities	
N/A	N/A
 Responsive, Accessible, and Effective Governance	
GOV-2.1A	<u>Public Input Opportunities</u> : The rezone requires notification of surrounding property owners and posting of a sign on the property. These notification requirements allow public input into the associated rezoning of the property. As of this writing, there have been no inquiries into the requested rezone.

Comprehensive Plan Conformance – Growth and Reinvestment Chapter
--

Future Land Use Plan Designation(s):		Agriculture
Design Standards:		
N/A	N/A	

Comprehensive Plan Conformance – Neighborhood Area Policies Chapter	
Neighborhood:	Ellsworth Neighborhood
Neighborhood Goal/Policy:	
EW-NA1.1C:	<u>Annexation</u> : Require the annexation of contiguous properties within the City’s Urban Services Boundary when development occurs.
EW-NA1.1E	<u>Urban Services</u> : Allow the extension of City infrastructure within the Urban Services Boundary to serve new and existing development.

The Development Review Team Recommends that the request to rezone property from General Commercial District to Medium Density Residential District be approved for the following reasons:	
•	The property has been developed with a single family residence for a number of years.
•	The applicant intends to continue the existing single family residential use on the property as her primary residence.
•	No additions, expansion, or alterations of the existing single family residence are proposed for the property.
•	The Agriculture designation is seen as an appropriate land use designation for large lot, single family residences and agricultural buildings such as barns.

Staff recommends that the requested rezone from No Use District to Low Density Residential District I be approved.
