RAPID CITY COMMUNITY PLANNING
& DEVELOPMENT SERVICES

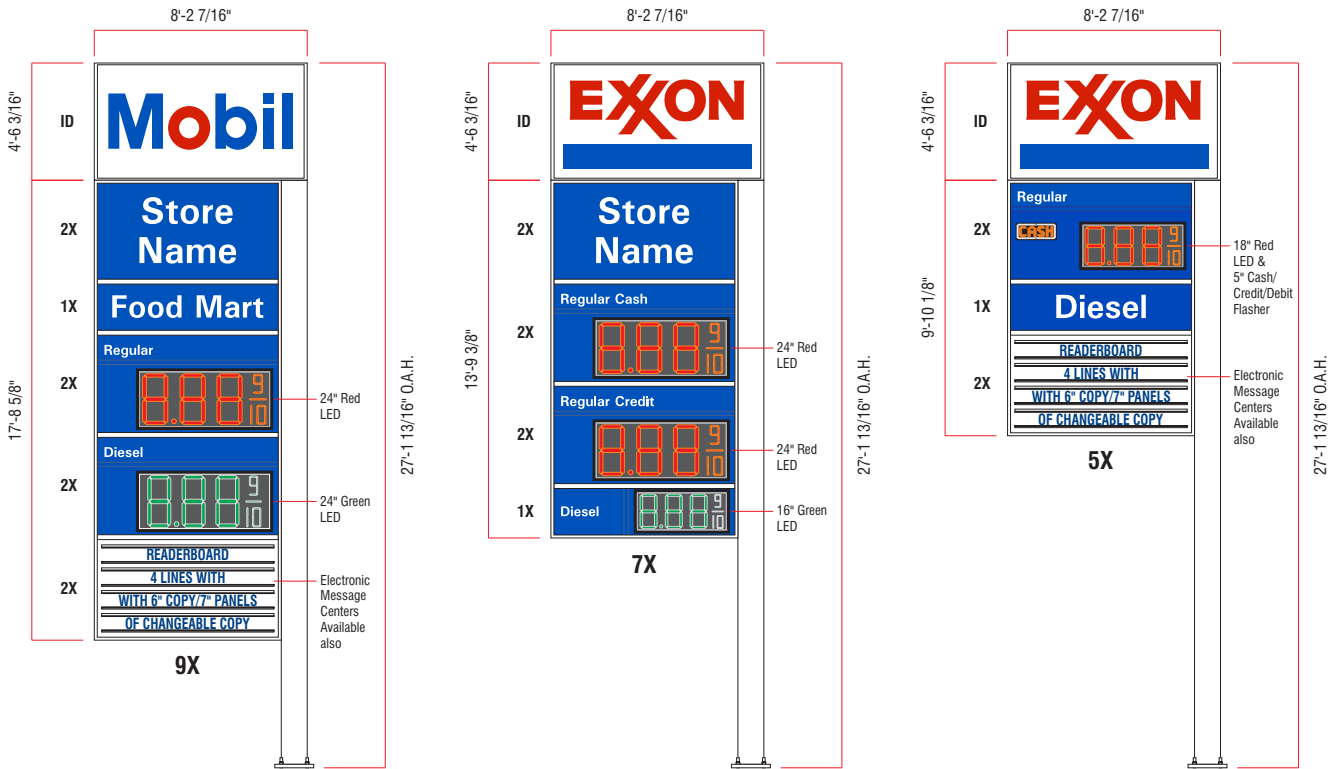

Type A and B Gemini systems consist of two cabinets:

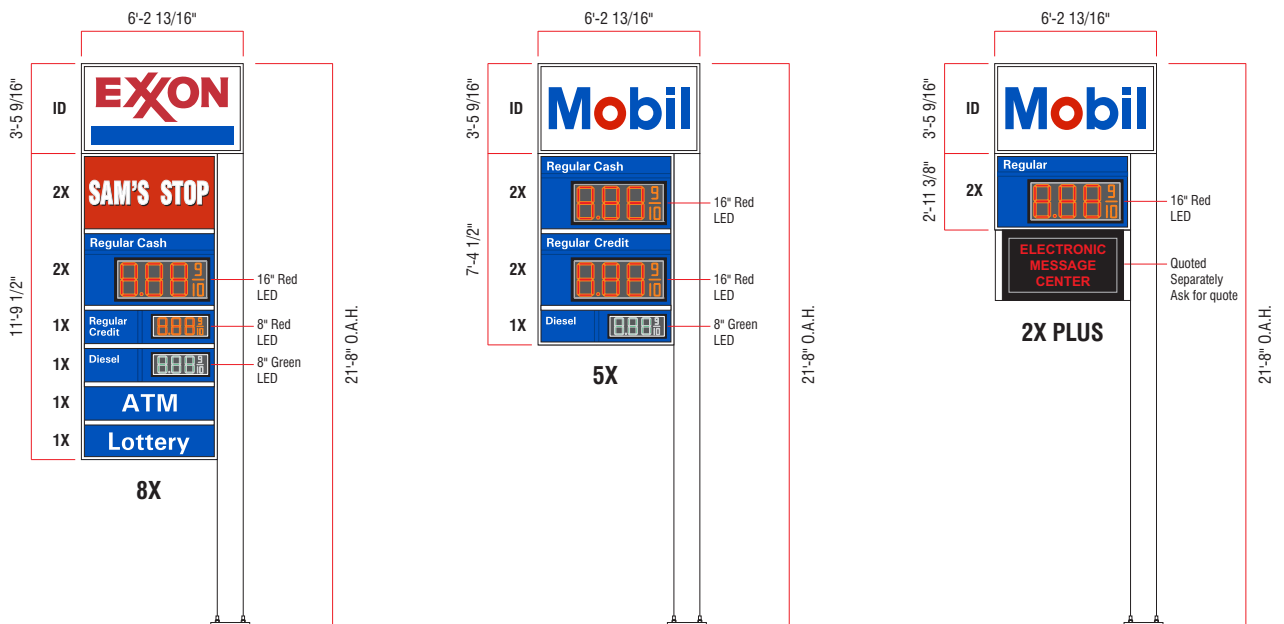

- (1) Exxon or Mobil ID graphics.
- (2) Ancillary/Price cabinet up to a 9 panel cabinet. Either are offered in 1x or 2x (counts as 2 panels) sizes. They can have the store name and/or food service above the pricer. Sign messages should be generic and brief, preferably one or two words in length. Chain convenience store logos/emblems may be used. It is the customers responsibility to verify logo submitted is approved and current. Price signs are available with placard pricing or LED.
- (3) Electronic message centers are available for both systems with full color or red monochrome display.

Contact your ExxonMobil customer service person at Federal health for a site specific quote.

Type A System — 27' 1" Overall Height — ID 4'6"x8'

Type B System — 21'8" Overall Height — ID 3'5"x6'2"
