

**RESOLUTION OF NECESSITY  
FOR  
Fulton Street Sanitary Sewer Extension  
PROJECT NO. SS02-1191**

**BE IT RESOLVED** by the City of Rapid City, South Dakota, as follows:

The City Council hereby declares the necessity of constructing approximately 105 feet of 8-inch sanitary sewer main, one manhole, and associated street pavement patching. The above-referenced project shall be hereafter referred to as **Fulton Street Sanitary Sewer Extension, Project No. SS02-1191**, which shall be deemed a description of the above referenced improvements.

The general nature of the project is set forth above. Detailed plans and specifications will be prepared by Alliance Architects and Engineers and will be placed on file with the City Finance Officer.

The estimated total cost of the project is \$12,000.00 of which \$8,014.00 will be assessed to the benefiting properties. The estimated assessed costs include consultant services for design, 6% engineering fees, and 5% fiscal fees. Interim construction fees are to be determined by the Finance Officer and shall be included in the final assessment.

The method of assessment is on a benefit basis with each property sharing equal costs.

The recorded ownership and estimated cost for each property is listed on the attached ownership list.
