

No. PW081402-12

We the undersigned, members of the Elks Country Estates Home Owners Association Phase II, would respectfully request the Public Works Committee/City Council waive the current requirement for streetlights in our neighborhood. We thoroughly understand that streetlights are placed for safety and safety in residential areas, however we feel that we have a more adequate system in place by having yard lights in every yard 90 feet apart on both sides of the street as agreed to by the residents. The city requirement only requires street lights on the street corners and thereafter each 800 running feet on one side of the street.
